

FORK-LIFT FOR TRUCKS
University of California scientists on the Davis campus have developed a new fork-lift to be attached to a farm truck which will carry a ton of trayed fruit between the cutting shed and the sulphur house.

***DOUBLE DWARF**
All of the milo grown in the San Joaquin Valley is the pythium-resistant Double Dwarf, which was developed by Dr. F. N. Briggs, professor of agronomy, University of California College of Agriculture at Davis.

WATER LINE TO NORTH TORRANCE HOME AUTHORIZED

The Torrance Water department will install service from the North Torrance city-water well for the home of Jack K. Stephenson, 18002 Prairie ave., it was decided Tuesday night.

The well is serving a group of homes in northwest Torrance, but no provision had been made for extension of the service which Stephenson required in his new home until the council agreed that the water department can do the work.

SELECTIVE SERVICE

The Torrance Veterans' Service Center announced this week that veterans coming out of the service now can be registered for selective service at 1339 Post ave. Veterans of this area were formerly required to register at the Long Beach headquarters.

Safety Program For Torrance To Be Discussed

Chief of Police John H. Stroh, designated as safety administrator for Torrance, will have Herbert Herzberg, assistant coordinator, Traffic Safety Education, Department of Motor Vehicles, State of California, at the Torrance City Hall, Council chambers, at 11 a.m. Friday, Nov. 15.

Herzberg will give a complete outline on traffic safety education as it affects our city. Chief Stroh asks that a delegate from each Torrance organization attend this meeting, not only to hear Herzberg but to assist in providing a local program for our community, according to Blaine Walker, Torrance Chamber of Commerce executive secretary.

Private Water Service Must Be Temporary

(Continued from Page 1-A)

water from water companies outside the boundaries of the planned North Torrance Municipal Water District for which \$174,000 bonds are to be voted November 19, 1946.

"The property owners of North Torrance are not opposed to outside water companies temporarily servicing these proposed tracts until Metropolitan Water service is available, but we do petition your honorable body that the City Council go on record stating that any such temporary water arrangements must have the approval of the City Council and must be made on a strictly temporary basis and such outside temporary water service must cease when water from the North Torrance Water District is available. We do further petition that any such agreement made with outside water companies for temporary service be made in writing and drawn up by the Water Superintendent and the City Attorney so there can be no later misunderstandings. We property owners have a big stake in the proposed water bond issue and must be assured that we reap the benefits of the same within our bonded water district."

"Because the Water Bond election is only a week away, we respectfully ask that the Honorable City Council act upon this petition tonight, this petition being a follow-up of a letter written June 11, 1946.

"In closing we wish to thank the Honorable Mayor and City Council for their interest and cooperation in furthering our efforts to secure an adequate water supply for North Torrance."

The proposed water district takes on all the area within the city limits of Torrance, north of 190th st., with the exception of an area which is served by the Moneta Water Company, being a part of an acquisition and improvement district. Also included is a stretch one-fourth mile south of 190th st., between Crenshaw blvd. and the city line, belonging to the General Petroleum Corporation.

Building Permits

The following building permits were issued in Torrance during the past week, according to Building Department records:

- J. A. Fern, 1520 Acacia ave., addition to garage, \$375.
- B. S. Elliott, 2040 W. 182nd st., repair and addition to residence, \$3,000.
- A. N. Dowell, 1217 Arlington ave., garage house, \$3,736.
- W. A. Beecher, 1518 Engracia ave., addition to residence, \$1,925.
- Mrs. C. Hawley, 2429 W. 235th st., residence, \$5,165.
- Florence and Preston Jones, 1504 Elm ave., install foundation under existing house, \$300.
- L. Hickey, 2214 W. 239th st., residence and garage, \$5,100.
- I. A. Larrance, 1916 Border ave., side and composition roof on building, \$5,235.

PUEBLO STREET IMPROVEMENT NEXT ON LIST

Improvements to 203rd st. in the Pueblo will be next on the city's street maintenance program, Miss Agnes Fladung, social worker for the Catholic Welfare Bureau was told by the City Council Tuesday night. Rain held up completion of Plaza del Arroyo, but 203rd st. will be next, City Engineer G. M. Jain reported. "It is just a big puddle," Miss Fladung said.
